

SHARON V. UZU

SOFTWARE DEVELOPER | FRONTEND & MOBILE APP DEVELOPER | WORDPRESS DEVELOPER

(+234) 707-550-8678 | uzushyz@gmail.com | linkedin.com/in/sharonuzu

PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience building responsive web applications and cross-platform mobile applications. Strong background in React.js, Next.js and React Native, with hands-on experience in JavaScript, TypeScript, HTML5, CSS3 and WordPress. Experienced across the software development lifecycle, including UI implementation, performance optimization, debugging, scalable architecture, testing and collaborative product delivery. Skilled in building user-focused digital products for web and mobile, mentoring junior developers and translating product requirements into reliable, maintainable solutions. Also focused on AI-assisted software development, LLM workflows and practical AI integration to accelerate development and enhance product capabilities.

CORE COMPETENCIES

Web Development React.js, Next.js, JavaScript, TypeScript, HTML5, CSS3, Responsive UI	Mobile Development React Native, Cross-platform Mobile Apps, Mobile UI Implementation
Web & CMS WordPress, Theme & Plugin Customization, Performance Optimization	AI & Emerging Tech AI-assisted Development, LLM Workflows, Prompt Engineering, AI API Integration
Engineering REST APIs, Debugging, Testing, Code Quality, Scalable Architecture, SDLC, Agile	Collaboration UX/UI Collaboration, Technical Mentoring, Requirements Gathering, Reporting

PROFESSIONAL EXPERIENCE

CTO / Software Developer	Agrovest Technology Limited, Nigeria Apr 2024 - Present
- Led technical direction and contributed to development of a technology-driven AgroTech platform. - Applied Agile software development practices across planning, implementation, testing and release activities. - Designed scalable application structures with maintainability, reliability and future growth in mind. - Collaborated with UX/UI contributors to translate product requirements into cohesive user experiences. - Improved product quality through systematic testing, debugging and pre-release issue identification. - Provided technical guidance and mentorship to junior developers while supporting continuous improvement. - Prepared development updates and tracked changes to support technical and management decision-making.	
Web Developer / Tutor	Harvoxx Tech Hub, Nigeria Aug 2022 - Jan 2025
- Built responsive, user-focused web applications using HTML5, CSS3 and modern JavaScript. - Worked across the software development lifecycle from requirements gathering through production delivery. - Updated legacy codebases to improve functionality, readability, maintainability and alignment with modern standards. - Collaborated closely with UX/UI designers to deliver consistent and engaging interfaces. - Taught and mentored learners in practical web development concepts, supporting technical growth and problem-solving.	
Software Developer	Grey Hub, Nigeria Jul 2023 - Dec 2024
- Contributed to software development projects with a focus on practical, user-centered web solutions. - Applied modern development practices including debugging, testing, interface implementation and collaborative delivery. - Worked with project and design contributors to develop scalable and visually consistent solutions.	

WordPress Developer (Remote)

Igiet Tech, Nigeria | Mar 2020 - Jan 2021

- Maintained WordPress websites by updating core software, themes and plugins for security, compatibility and performance.
- Customized themes and plugins to deliver client-specific functionality and visual requirements.
- Optimized website speed through image compression, lazy loading and caching practices.
- Added custom code and integrated plugins to achieve required website functionality and design outcomes.
- Worked with designers and developers to understand scope and deliver practical, scalable solutions.

SELECTED ACHIEVEMENTS

- **Port Harcourt Tech Expo Coding Hackathon Winner** — Collaborated on an innovative AgroTech platform that won the competition.
- **Zoho Hackathon** — Achieved Top 3 placement.

EDUCATION

B.Tech, Biochemistry/Chemistry Technology — University of Port Harcourt, Nigeria | 2015 - 2022

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, PHP

Web Frameworks & Libraries: React.js, Next.js, Bootstrap, Tailwind CSS

Mobile: React Native, Cross-platform Mobile Application Development

CMS: WordPress, Theme Development, Plugin Customization

AI & Emerging Tech: AI-assisted coding, LLM workflows, prompt engineering, AI API integration concepts

Engineering: Responsive Design, REST APIs, Debugging, Testing, Performance Optimization, SDLC, Agile

Product: UI implementation, UX/UI collaboration, technical mentoring, requirements analysis

PROFESSIONAL VALUE

Combines web engineering, cross-platform mobile development, product thinking, technical mentoring and AI-enabled development practices to build modern digital products efficiently. Well suited to international remote or hybrid roles requiring ownership, adaptability, clear communication and strong implementation skills.
